## PRINCIPAL

We have just had a very successful visit from our sister school in Sukagawa. Our school hosted 29 students and 2 teachers. Many thanks to the families who provided a welcoming and positive visit for these students. Particular thanks to Ron Brown and Jenny Hall for organising and co-ordinating that visit. A reminder that Maitland Grossmann High is planning to take a contingent of students to Japan in a return visit during 2017. If you have any enquiries, please contact me or Mr Brown for information.

Year 12 are about to commence their Trial Higher School Certificate and will be spending the remainder of the term consolidating their studies to optimise their results. This is a very important time for students to work closely with their teachers to ensure the best possible outcomes. Parents seeking assistance and support please do not hesitate to contact the school.

The school celebrated Education Week 2016 with great enthusiasm, as increasing numbers of students are putting in that extra effort and earning STAR (Students That Are Recognised) awards, in the areas of personal best, cultural, sporting, social and/or academic pursuits. To date this year students have received 2429 awards.

Students and parents are reminded that school sport is a mandatory requirement for all students in NSW public schools. In line with the national requirement to increase student fitness and reduce obesity, we are looking to ensure all students have access to quality physical activities and education. Please ensure that your child has regular attendance at sport. **Please note that students are no longer able to sell chocolates, sweets or doughnuts through the school as fundraisers.**

Additionally, our School Canteen continues to provide a wide variety of very healthy hot and cold foods for students and staff, daily. Our canteen runs on the goodwill of volunteers. If you have any time to spare please give a thought to helping out, if only once a month. Please ring Lisa on 49335792.

I remind all graduating students and those moving from Maitland Grossmann at the end of Years 11 and 12 that we have celebratory functions. All functions which are organised through the school require the highest standards and no consumption of alcohol. There is NO Year 10 Formal as all students are required to attend school until they are 17 and to fulfil the requirements of a ROSA (Record of Secondary Achievement) which they receive when they leave school, if they do not proceed to the Higher School Certificate.

**VARIATION IN SCHOOL DEVELOPMENT DAY- TERM 3**

The date of the Term 3 School Development Day has been changed. It will be held on **Friday, 16<sup>th</sup> September.**

The reason for the variation is to enable Maitland Grossmann High staff to engage in future focused and relevant professional development with our Local Management network of schools- including Maitland Public, East Maitland Public, Ashtonfield Public and Hunter Community School.

We will participate in professional development sessions run by Simon Breakspear, an international presenter renowned for his practical insights on learning innovation and system reform.

Please note this variation on your calendar and contact the school if you require any further information.

"As part of a Cultural Narrative Unit in English, Aboriginal student Brady Flaus harnessed the opportunity to share something that he is very passionate about, his Aboriginal Heritage. Brady made his own Didgeridoo and brought it into class for a short interactive performance. He had learnt to play and shared with Year 7 some Dreaming Stories, as well as the story about his People, the Worimi Tribe, and a story told through the Didgeridoo. Congratulations to Brady on a wonderful and engaging performance."

### Green Team News

Thanks to Education Sponsorship funding from Hunter Local Land Services, Year 7 attended a presentation by #take3forthesea co-founder Tim Silverwood, in the hall. Tim is an avid surfer and environmentalist from the Central Coast with a deep passion for looking after and maintaining our waterways, in particular the oceans. Tim's message was simple yet powerful as he spoke to students then carried out a workshop with 7W, brainstorming ways in which we can better manage waste and litter within our school.

## ANTI BULLYING

Within the school community there is often some confusion about what behaviours can be considered as bullying. Poor social skills and peer disagreements are often incorrectly labelled as bullying. To clear up any confusion a description and explanation follow.

Bullying is **repeated** (same child/group of children to same target), verbal, physical, social or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons. Cyberbullying refers to **repeated** bullying through information and communication technologies.

Bullying can involve humiliation, domination, intimidation, victimisation and all forms of harassment including that based on sex, race, disability, homosexuality or transgender.

Bullying behaviour can be:

- **verbal** e.g. name calling, teasing, abuse, putdowns, sarcasm, insults, threats
- **physical** e.g. hitting, punching, kicking, scratching, tripping, spitting
- **social** e.g. ignoring, excluding, ostracising, alienating, making inappropriate gestures
- **psychological** e.g. spreading rumours, dirty looks, hiding or damaging possessions, malicious SMS and email messages, inappropriate use of camera phones.

Conflict or fights between equals and single incidents are not defined as bullying. Bullying behaviour is not:

- children not getting along well
- a situation of mutual conflict
- single episodes of nastiness or random acts of aggression or intimidation.

<http://www.schools.nsw.edu.au/studentsupport/bullying/definition/>

Students at our school are encouraged to report any form of bullying. This can be done to any teacher. They are asked to keep all evidence of bullying – this may include screen shots of unkind comments. As well, we will ask students to provide reliable witnesses to the bullying incidents. Reported bullying incidents are investigated, however, not all will end in disciplinary action. The reasons for this include:

- disciplinary action has proved to be ineffective in research studies on reducing bullying in schools (***Bullying Interventions in Schools – Six basic approaches*** Dr Ken Rigby ACER Press 2012 pp38-42).
- both parties have been involved in the anti-social behaviour – this proves to be a very common outcome from a thorough investigation.
- The witness cannot verify the allegations made – again this is a common outcome.

Students who are proven to have repeatedly bullied and/or harassed other students will be managed in accordance with the DET Anti-Bullying Policy. A link to this document can be found on the school's webpage, MGHS Anti-Bullying Policy can be obtained by contacting Lynette Matthews (49342066 or [lynette.matthews2@det.nsw.edu.au](mailto:lynette.matthews2@det.nsw.edu.au)). Also available on the school webpage (tab; Caring for Students) is information on how to report bullying and/or harassment, as well as, to download, an Anti-Bullying Report Form. The form can be handed in to any teacher or posted in the Anti-Bullying Box which is located outside the Photocopy Room.

**CAPA**

On Tuesday 6<sup>th</sup> September at 6:30pm in the school hall, Maitland Grossmann High School CAPA students will be performing their projects. The Technology and Visual Arts students will also have their projects on display. Everyone is welcome to attend.

**Social Science**

Quite recently, Year 8 participated in their annual Blue Mountains excursion, which is designed to broaden the horizons of students and help increase their interest in Geography as a subject, as well as providing an unforgettable experience for all involved. Students were accommodated overnight in the Blue Mountains. They had the rare opportunity to visit Jenolan Caves, an opportunity that is not presented often to students who are in high school. Also included was a visit to the Katoomba Scenic World. Overall, the excursion proved insightful and educational, as well as an adventure for all students involved.

**ESL**

The school had an exciting time hosting 29 Japanese students and 2 teachers from Sukagawa Toyo High School. We went dolphin watching and visited the Hunter Valley Zoo. The Japanese students spent some time in classes and had lessons in Australian slang and idioms. When the Japanese students departed, there were many tears and a number of Australian students decided that they wanted to visit Japan next year.

**Canteen**

Thank you very much for helping the School Canteen, especially with the recent paint job. It is always lovely for us canteen ladies to hear students use their manners and being polite, it makes our job much more enjoyable. The recent addition of Garlic Bread has been a hit, and we thank you for making it a success. Thank you for being so considerate as well, with the paint job, as it took up a lot of space in the canteen area.

### **Little Big Shots Film Festival**

On Thursday 4<sup>th</sup> August, Drama students travelled to Sydney to visit the Sydney Opera House for *Little Big Shots* – Australia's largest touring children's film festival. *Little Big Shots* features the best in local and international children's shorts, animations, documentaries and child-produced films. We asked Isabella Dyson about her experience:

*How did you enjoy the experience?*

It was alright, it was pretty interesting to watch.

*What did you enjoy most about the experience?*

Probably the film called *Boomerang*, that was pretty good.

*What made you enjoy that film most?*

It was about a family who lived in the bush and they got kicked out of their home and they had to move to the city, and how this ruined their idea of the world. It was very interesting to me.

### **Legacy Public Speaking Competition**

Congratulations to Year 10 student, Grace Ahrens on winning the Legacy Public Speaking Competition. Next she will head to Parliament House for the State Final. On behalf of Maitland Grossmann, we wish Grace the best of luck!

*Written by Emily Gilmour*

### **NAB Lions Youth of the Year for 2016/2017**

Applications for the NAB Lions Youth of the Year Competition are now open. The program is designed to encourage, foster and develop leadership in conjunction with other citizenship qualities. Any students interested in applying for this program need to see Miss McEntyre or Mrs Tannock in the English staffroom, to obtain an entry form.

## Compulsory School Attendance

Information for parents

Education for your child is important and regular attendance at school is essential for your child to achieve their educational best and increase their career and life options. NSW public schools work in partnership with parents to encourage and support regular attendance of children and young people. When your child attends school every day, learning becomes easier and your child will build and maintain friendships with other children.

### What are my legal responsibilities?

Education in New South Wales is compulsory for all children between the ages of six years and below the minimum school leaving age. The *Education Act 1990* requires that parents ensure their children of compulsory school age are enrolled at, and regularly attend school, or, are registered with the Board of Studies, Teaching and Educational Standards for homeschooling.

Once enrolled, children are required to attend school each day it is open for students.

### The importance of arriving on time

Arriving at school and class on time:

- Ensures that students do not miss out on important learning activities scheduled early in the day
- Helps students learn the importance of punctuality and routine
- Give students time to greet their friends before class
- Reduces classroom disruption

Lateness is recorded as a partial absence and must be explained by parents.

### What if my child has to be away from school?

On occasion, your child may need to be absent from school. Justified reasons for student absences may include:

- being sick, or having an infectious disease
- having an unavoidable medical appointment
- being required to attend a recognised religious holiday
- exceptional or urgent family circumstance (e.g. attending a funeral)

Following an absence from school you must ensure that within 7 days you provide your child's school with a verbal or written explanation for the absence. However, if the school has not received an explanation from you within 2 days, the school may contact you to discuss the absence.

Principals may decline to accept an explanation that you have provided if they do not believe the absence is in the best interest of your child. In these circumstances your child's absence would be recorded as unjustified. When this happens the principal will discuss their decision with you and the reasons why.

Principals may request medical certificates or other documentation when frequent or long term absences are explained as being due to illness. Principals may also seek parental permission to speak with medical specialists to obtain information to collaboratively develop a health care plan to support your child. If the request is denied, the principal can record the absences as unjustified.

### Travel

Families are encouraged to travel during school holidays. If travel during school term is necessary, discuss this with your child's school principal. An *Application for Extended Leave* may need to be completed. Absences relating to travel will be marked as leave on the roll and therefore contribute to your child's total absences for the year.

In some circumstances students may be eligible to enrol in distance education for travel periods over 50 school days. This should be discussed with your child's school principal.

### My child won't go to school. What should I do?

You should contact the principal as soon as possible to discuss the issue and ask for help. Strategies to help improve attendance may include a referral to the school's learning and support team or linking your child with appropriate support networks. The principal may seek further support from the Home School Liaison Program to develop an Attendance Improvement Plan.

### What might happen if my child continues to have unacceptable absences?

It is important to understand that the Department of Education and Communities may be required to take further action where children of compulsory school age have recurring numbers of unexplained or unjustified absences from school.

Some of the following actions may be undertaken:

- Compulsory Schooling Conferences

You may be asked, along with your child, to attend a Compulsory Schooling Conference. The conference will help to identify the supports your child may need to have in place so they attend school regularly. The school, parents and agencies will work together to develop an agreed plan (known as Undertakings) to support your child's attendance at school.

- Application to the Children's Court – Compulsory Schooling Order

If your child's attendance at school remains unsatisfactory the Department

may apply to the Children's Court for a *Compulsory Schooling Order*. The Children's Court magistrate may order a Compulsory Schooling Conference to be convened.

- Prosecution in the Local Court

School and Department staff remain committed to working in partnership with you to address the issues which are preventing your child's full participation at school. In circumstances where a breach of compulsory schooling orders occurs further action may be taken against a parent in the Local Court. The result of court action can be the imposition of a community service order or a fine.

### What age can my child leave school?

All New South Wales students must complete Year 10 or its equivalent. After Year 10, and up until they reach 17 years of age, there are a range of flexible options for students to [complete their schooling](#).

### Working in Partnership

The Department of Education and Communities recognises that working collaboratively with students and their families is the best way to support the regular attendance of students at school.

We look forward to working in partnership with you to support your child to fulfil their life opportunities.

If a student misses as little as 8 days in a school term, by the end of primary school they'll have missed over a year of school.

Further information regarding school attendance can be obtained from the following websites:
